

Always forward: Graduate degrees designed for the future of work

Our mission at [Lynn University](#) has long been to integrate the most cutting-edge theories and technologies into a personalized education delivered to our students in an inclusive, global community. At our beautiful campus in Boca Raton, and through our remote learning experiences, we're helping our graduates build a foundation for success that they can stand on wherever they may lead.

We adapt, grow and dare to push the envelope alongside all our students, faculty and staff who are preparing to shape the future of their workplaces, of their communities and of the world. Everything we do is informed by that shared vision. Recently ranked as one of the [most innovative schools in the country](#), we're always looking for new ways to give our students an edge. From our efforts in pioneering mobile-friendly learning to connecting graduate students with future employers in their first semester, we're thinking forward. Always.

Academic programs for the future you're working toward

As a graduate student at Lynn, you can choose from [50+ future-focused academic programs](#), including advanced certificates, master's degrees and a doctorate in fields from business and leadership to education, science and the arts. Whether you're enrolled on campus or online, you'll be connected with a faculty of accomplished professionals teaching you from a place of experience. No matter what you want to study, we'll have a program that will fit your passion.

A schedule that works for you

As an Apple Distinguished School, we recognize that the best learning environments aren't always classrooms. With our mobile-friendly learning curriculum, you'll unlock access to rich, interactive coursework that you can complete in scheduled sessions and on your own time.

Thanks to a suite of accelerated programs, convenient course scheduling and online availability, many of our master's programs can be completed in as little as one year.

Opportunity abounds

We work hard to connect our graduates to potential employers within the first semester of their studies, and there's no shortage of opportunity. Our campus in Boca Raton – the 10th fastest-growing economy in the nation – is surrounded by many corporate headquarters, including high-tech incubators and Fortune 50 companies.

Beyond the opportunity immediately available here, you'll be enrolled with students from over 100 different countries, so by way of your relationships alone, you'll develop a network that stretches the globe.

Transformative education at a price you can afford

Ranked a Best Value School by *U.S. News & World Report*, we strive to provide an education that's attainable, because earning your degree shouldn't hold you back. Estimated tuition for graduate students is \$750 per credit, and with [tuition discounts and financial aid](#) available, you can fit an advanced education into your budget.
